President's Report.

The days are growing longer and the weather is warming up - good weather to get out and about enjoying and sharing our interest in historic cars, trucks, tractors, engines and motor bikes. I hope you are all well, particularly our Secretary Moranne. This flu thing was pretty severe, and most of us got various doses of it. Imagine if we didn't have flu vaccinations how much worse it would be.

The Jamestown Day and Presentation lunch was very successful and very enjoyable. Thanks to Merv and Co. for arrangements, and to Audrey Hunt for having us there for morning tea. How great was it to see Audrey's and the late John Hunt's cars again. I hadn't seen them for quite a long while, and so beautifully housed. Congratulations to all our Award winners.

Sorry I missed last meeting (RDA Board Meeting) thanks to Ian for stepping in, and also to Pat filling Moranne's duties while she was indisposed. Hope to hear about how it went at our meeting on the 8th. Also I presume the Bay to Birdwood Rally went well. Hopefully one of our members who participated will give us a report at the next meeting.

There was a good display of old engines and equipment at the Paskeville Field Days, and three old cars, especially a "Gardner", only one I have ever seen, there was a sprinkle of others among the exhibits and stands. Many now see it an advantage to show off their stands by catching people's eyes with an historic car, truck or even a fuel bowser.

Don't forget the two shows coming up, Jamestown on the 5th and Claire on the 17th.

I congratulate our editors Dean and Sue on producing such a high standard Newsletter, I would like to see more members using the classified ads for sale section. Don't forget the President's run on December the 6th. Please give us an indication of numbers at the next meeting, mainly for the Spalding hotel.

I look forward to seeing you all at the next meeting on the 8th of October, and to hearing from Trevor Naismith about his cars.

Ivan Venning

N.A.R.C. Day at Yacka.

The Northern Automotive Restoration Club SA. (NARC) held their vehicle inspection day. Sunday 19th April, in the historic Mid North farming town of Yacka. Bringing together members from all over the region, around thirty in all, driving about eighteen Vintage & Classic cars and trucks, with one car having being trailered in.

The club gathered at the beautiful Yackamoorundie Park, with its well-known mosaic picnic tables, on the banks of the Broughton River for morning tea and discussion.

After all of the car inspections had been carried out by Graham Goode, they then headed off for a walking tour of the town. Members of the Yacka History Group, Liz Trager & Dennis Dale with the aid of Steve Hyde showed the members through some of the preserved & renovated historic buildings, giving a talk on their history as they went. Yacka's Institute / Hall - Old SA Savings Bank - original Yacka Bakery plus the Yackamoorundie Craft shop (run by the

local volunteers group). Margaret Reichelt, who ran the shop on the day, was very pleased with the clubs visit and hoped that in the future N.A.R.C. with other likeminded clubs would hold similar events in Yacka, as they are a great boost to the economy of the town.

Rain the week before had bought all the trees and lawns to life, with the sun shining it made for a perfect setting for our BBQ / Lunch. Feasted and rested all of the members headed off to the former Yacka Motor Garage & C.F.S. shed, where there was a selection of old photos, donated

for display of early Holdens bought from the garage during the 50s & 60s, some early number plates, enamel tin signs & books featuring the old Garage. Steve gave an informative, guided tour of the present Yacka Motors Building site. Viewing the three Holdens on show, two rusty relics & one partly restored, all to remain in this condition for later display. Other items of interest was the electrical power board, showing the restored meter box and switches, to be remounted back in its original position, inside the old garage. Plus briefly going over the history, work so far carried out & plans for its future use. Car club meetings/shows, market stalls & swap meets outside under the trees?

During the course of the day the hosts were presented by Craig Thomas with a N.A.R.C. glass- tumbler (a gift to treasure) on behalf of the club, for their hospitality and dedication to their town. By evening everyone was heading home, another good day enjoyed by all the members, a great day for the town of Yacka. Thank you all. Steve Hyde.

Presentation Lunch

On Sunday August 23rd. 43 members met together for the annual presentation lunch at Jamestown Commercial Hotel.

Audrey Hunt had offered to provide morning tea at her home for those who would like to have a cuppa after the drive to Jamestown. In all 32 people gathered for a lovely morning tea and many had a look in the shed at Audrey and the late John's vehicles.

Several people arrived in their older vehicles that day and with plenty of parking space in the back yard it was an opportune time to look over the vehicles, catch up with each other and discuss many things over a hot cuppa. Thanks to Audrey for providing a welcome morning tea.

Most of the group moved off to the next interesting venue, not far away, the National Trust Museum - to look over the display there, then moved on to the hotel for 12.30pm lunch. Here 43 people were seated in the dining room, most tables were set for 6 people.

We had lovely serve yourself soup followed by roast meat or fish and chips with self serve salad or vegetables. Sounds of talking and laughter indicated that everyone was having a good time.

After the meal President Ivan called us to order for the presentations. The Patron's award went to Pat Fiedler, a very worthy recipient. Pat was club secretary for more than twenty years. Well done Pat and thank you for all the time spent on club business. Other awards were :-

Pre 1930 - John and Jan Birrell 1923 Grey
 1930-50 - Brian and Eleanore Beyer 1947 Triumph
 1950-70 - Moranne Coombs 1965 Chrysler Valiant
 1970 - Barry Treloar and Judith O'Shaughnessy
 Attendance - Barry Treloar and Judith O'Shaughnessy
 Editors - Brian and Eleanore Beyer

After the presentations people began to drift off for their homeward journey. Another good club day.

Eleanore Beyer.

 Ivan Venning & Ferg Mahon*

I don't think I have ever seen the country around Quorn looking so good. On Saturday were at their most beautiful. Sunshine highlighted the lush green, the spectacular golden wattle, the beautiful gums and the park like areas of native pine. Further north at Buckaringa Scenic drive and Lookout we discovered lots of wild flowers hidden in the bush as we climbed to the lookout, to take in the spectacular view.

A little time was taken at Proby's Grave to contemplate the events that led to his demise. A little further on we crossed Willochra Creek which was flowing and provided a lake like scene. On the drive to the main road, through Simmonston ruins, we discovered more wild flowers of various colours growing on the side of the road and making quite a show.

Saturday afternoon the chapter members were treated to a special visit to John Simpson's Sound Studio. John's special skills are applying sound effects to movies, and T.V. series. His credits include 'Happy Feet' and 'The Water Diviner'. Watching T.V. will never be the same.

On Sunday we travelled to Woolshed Flat on the Pichi Richi Railway. The journey was spectacular due to the exceptional season. The colour was fantastic, featuring lush green grass enhanced by sparkling golden wattle. The steam locomotive provided the nostalgia as it laboured uphill with slipping wheels with plenty of steam, smoke, cinders and that unmistakable smell, taking passengers back in time as we enjoyed the rocking, rattling ride.

The train journey was followed by a visit to the Railway Workshops. This is a huge undertaking, for the restoration of locomotives and rolling stock. In addition I was impressed with the use of the workshops for the technical education and training. The Pichi-Richi Railway provides quality restoration, training, and excellent service, with competent and enthusiastic people.

Finally I must mention the excellent meals we enjoyed at 'Emily's'. The old emporium was a great venue, with many interesting artefacts on display.

Quorn Weekend 2

Hope everyone that attended enjoyed a different outing I organized with the help of my son in law John Simpson and daughter Lisa Simpson at Quorn. The venues I attended on the Saturday were successful, and the weather was warm and sunny.

About 8 members attended the Quorn gun club on Saturday morning, and most had a try at pistol shooting including the ladies. Some went on to try rifle shooting including a WW2 303 which was mighty noisy, and trap shooting, all under supervision of the Quorn gun club members.

Dale & Dianne and Deanna

John Simpson in his studio

Then a BBQ lunch provided in the club rooms was much enjoyed, thanks to John Simpson and the Quorn gun club. We then moved on to the next venue at 4.00 p.m. which was John Simpson's film studio on his property. All Kapunda Chapter members on the trip attended this venue. John has a very interesting profession making and recording sound effects for movies and TV. A big thanks to "Foley Artist" John Simpson for his talk on how films are put together. His name appears on the credits of a large number of movies since the 1980's, including World's Fastest Indian, Happy Feet 1 & 2, The Great Gatsby, Australia, The Hobbits, Mad Max 4, and many more.

On Saturday morning some members travelled further up the Flinders, Warren Gorge, Proby's Grave etc. On Sunday I attended the Quorn Show with my daughter and horses where the weather was not so good, others travelled on the Pichi Richi Railway and train workshops and other venues.

OLD CAR DAY BETHANY Sept 1st

This run has almost become an annual event. Hosted by the Gawler Club, it always seems to attract a few hundred vehicles. This year 12 Chapter members cleaned up their cars and made the trip to the Barossa. Moranne had the longest drive as she drove all the way from Pt. Hughes. The weather was fine and warm and every one walked around to view the wide variety of vehicles. It was great catching up with many old friends

associated with the old car movement. It is a great social event and people seemed to enjoy the good old fashioned picnic day.

Member's cars included: Plymouth, Citroen, Valiant, 2 Rovers, Volvo, Mercedes and a Triumph.

Hershey and Carlyle Swap Meets

In the July magazine of the Early Ford V8 Club mention is made of a visit to the Hershey and Carlyle Swap Meets, Pennsylvania, in September-October 2016 being organised by the Australian Historic Motoring Federation. This was apparently mentioned in the June Federation minutes. I googled AHMF proposed Hershey Trip and found all the information. We vividly remember our visit to Hershey and Carlyle as the most interesting thing we ever did as enthusiasts for old cars and cannot recommend it too highly. We still talk about it often. It is necessary to go as part of a group because of problems of accommodation and transport. A pity we are too old to go again! AHMF are asking for input from people who are interested so that the tour organising company can include as much as possible in the tour.

Regards,
Jan and Kevin French

A special presentation

Congratulations to all our Members who successfully won Awards at our Presentation Lunch. Thank you to Audrey Hunt for hosting members for an enjoyable Morning Tea. Unfortunately I couldn't attend as I spent a busy long week-end at Quorn with our Kapunda members. At dinner one evening, Dale Palamountain, a former Chairman, said a few words and presented me with a Special Trophy he had made. I shall treasure it forever.

Moranne.
